LIGHT & SCENT

Delicate pieces specially handcrafted to create seductive atmospheres in & outdoors.

The Light & Scent line includes cordless lamps, votive lights and home fragrances. Intimate light sources emitting a soft glow and featuring contemporary designs highlighted by the evocative power of natural scents. The refinement and romanticism of Lladró takes on a decorative and functional format that stimulates the senses of smell, sight and touch.

At an unhurried pace and with the same loving care and attention as once lavished by alchemists of old, Lladró porcelain is handcrafted in Spain, at the company's only factory in the world, located in Valencia.

ECHOES OF NATURE

Capturing the fragrances of the natural world has always been a dream of mankind. With the Echoes of Nature collection, the dream comes true.

Echoes of Nature is inspired by the evocative power of the aromas that we find in nature. The collection includes seven candles, each one with a unique fragrance. They combine their exclusive scents with elaborate porcelain covers that, besides protecting the natural wax in them, are etched and handpainted with patterns and colors, each one a metaphor of the aroma treasured inside.

Inspired by the legendary stories in One Thousand and One Nights...

With the 1001 Lights collection light and scent come together in a very special way. Candles in poetic containers made in translucent porcelain that bring the warmest light through the patterns etched by hand on its surface, producing a magical effect and transporting us to a world of fantasy.

The aromatic candles in this collection are presented in a unique perfume, *Unbreakable Spirit*. An exotic scent that contains a 15% of perfume, a specially high percentage in candles in their category comparable to l'eau de parfum in fragrances.
