

LINESCAPES SYSTEM

Linescapes is a modular system that, installed both on the ceiling and on the wall, completely changes the approach to direct and indirect lighting. Highly performing both in the linear and spot version. The singular modules are connected by quick moulded polymer connectors, which enable rapid jack installation and a 360° rotation. The different elements allow the composition of continuous lines and edges, with a luminous efficiency and an excellent diffusion degree, through an opaline diffuser in polycarbonate. The system has been studied to provide user friendly maintenance. Nemo has efficiently solved the problem of replacing LED built-in sources, whereby the single lighting elements can be easily changed.

LED SEGMENTS | 3000K - 170CM

LAMPING

Source	linear LED
Total power	33W
Emission	diffused, orientable 360°
Switching	Dimmable 1-10V
Tension	110/240 V
Color temperature	3000K
Luminous flux	1765lm (luminous output)
Typ cri	80
Energy class	A+
Materials	aluminium + PC + ABS

Codes

- LSS LW1 51
- LSS LN1 51

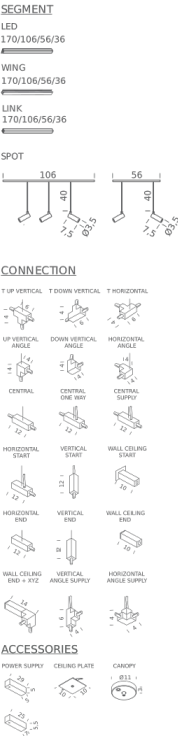

PACKAGE

Package 01

Structure

- white
- black

Dimension: 175x5x5 cm

LED SEGMENTS | 3000K - 106CM

LAMPING

Source	linear LED
Total power	19W
Emission	diffused, orientable 360°
Switching	Dimmable 1-10V
Tension	110/240 V
Color temperature	3000K
Luminous flux	1125lm (luminous output)
Typ cri	80
Energy class	A+
Materials	aluminium + PC + ABS

Codes
