Place the light bulbs into the lamp holder.
Fit the lampshade onto the holder, turn it until it reaches the end stop by introducing the fixing screws into the support slots. Tight the fillet of the fixing screws to fasten the shade to the support.

Insérez l'abat-jour en verre dans l'abat-jour de la lampe.
Placez l'abat-jour dans le support, en le tournant jusqu'à ce qu'il s'arrête lorsque vous insérez les vis de fixation dans les rainures de la rosace. Serrez le filetage des vis de fixation pour sécuriser l'ensemble.

Poner las bombillas en el portalámparas.
Encajar la tulipa sobre el soporte, girarla hasta que haga tope al introducir los tornillos de enganche en las ranuras del soporte. Apretar la rosca de los tornillos de enganche para asegurar la tulipa al soporte.
