"If you want simple lights with glass globe but bit tired of geometric sphere, or need a little more accents, MOZZI would be an option."

A gentle dimple in the middle of the MOZZI can remind lightly poked Mochi, a soft and chewy Japanese rice-cake. The most of residential space which needs ambient light to soften the mood can be a new home for MOZZI. MOZZI comes with two sizes in two different orientations; wall/ ceiling lamp and pendant lamp.
