

Regularly maintaining your Cerno® product is easy and will help keep it looking beautiful. Scratches can be buffed out in minutes. Wood surfaces will be revitalized with minimal effort every few years. The LED light source is rated to last 50,000 hours, and should last the life of the product.

Cerno® products include a 2 year performance guarantee warranty. In addition to Cerno’s warranty, Cerno offers an in-house repair service for the life of the product. Note that some materials cannot be repaired.

Recommended products

Oiled Walnut, Dark Stained Walnut, Maple

Cleaning: Wood surfaces should be dusted and cleaned with **furniture polish (Pledge)**.

Pledge

Brushed Aluminum

Cleaning: Everyday cleaning of metal surfaces can be done with a **damp cloth**.

Repair: To remove scratches from brushed aluminum, use **Scotch-Brite** (Gray or Maroon) to buff the scratched area. In a pinch, you can use the rough side of your kitchen sponge.

Damp Cloth

Scotch-Brite (for repairs)

Polymer

Cleaning: To clean polymer surfaces, use a **damp cloth** with soap and water or typical cleaners. Avoid heavy-duty cleaners (i.e. anything solvent-based), as they can damage the material.

Repair: Scratches can be buffed out of polymer surfaces using **200 - 300 grit sandpaper**.

Damp Cloth

200-300 Grit Sandpaper (for repairs)

Shade Material

Cleaning: **Burlap and Linen:** Blow away dust and dirt particles with **compressed air**. Avoid using water or a vacuum to clean burlap or linen shades.

Ebony and Birch: Treat these shades as Veneer (see below).

Compressed Air

Veneer

Cleaning: When cleaning veneer, take care not to peel the edge as it can de-laminate the veneer. Clean with **furniture polish (Pledge)**.

Damp Cloth

Pledge

Black Anodized Aluminum

Cleaning: Everyday cleaning of metal surfaces can be done with a **damp cloth**.
