Noctambule F1 High Cylinder and Cone Small Base - Specification Sheet by Konstantin Grcic, 2019

Mounting Free Standing

Lamp (Bulb) Description 36W 1174lm -2700K CRI90 Environment Indoor - Dry Location

Technical and Product Description Noctambule, created by renowned designer Konstantin Grcic for FLOS, is an innovative lighting system that comes in an array of artful designs. A transparent hand-blown glass cylinder, surrounded on both top and bottom by discrete LED technology, is the foundation of this product. The fixtures built from these units form columns of light at varying heights that illuminate at the intersection between each module.

> Configurable as a hanging or standing lamp, Noctambule features additional components that allow for numerous options. The cylindrical body is available at a low and high height, and a dome- or cone-shaped head can be selected if a more direct light source is desired. Dimming capabilities can be configured in the power supply unit within the ceiling rose, or as a pedal-operated panel on

the power cord.

Electrical

100-240V Voltage

Foot Dimmer switch that provide ON-OFF functions and 10-100% light Switching

adjustment with memory

IP20 IP Rating

Physical

Cord Length (inches) 78.74"

Construction Material Die-cast aluminum, Blown crystal

Weight 31.96 lbs
