Red, Green

technical details

A day trip to the country. Chirping cicadas. A picnic – a chequered tablecloth on the grass. This is the festive, relaxed atmosphere summoned up by Cri Cri: a wireless lamp with an internal rechargeable battery, to hang up or set down anywhere – outdoors or indoors.

STUDIO NATURAL

As industrial and graphic designers they have built up wide experience, spacing from exhibit to product design through graphic and web communication.

These different spheres share a common root, which is design as an application of a creative process. Cri Cri is the first lamp developed with Foscarini.
