

Tandem 4-Head Pendant Light **NEW**

Gus*

FINISH > Black or White Powder Coated Metal

Form meets function in the forward-thinking Tandem lighting collection, which combines streamlined industrial aesthetics with a practical ethos, resulting in a simple yet stunning design. A white or black powder-coated finish shines when teamed with thoughtful details, like adjustable lamp heads and contrasting chrome components. The elongated arms of the Tandem pendant make it an eye-catching option for above a dining table, kitchen island, or anywhere you want to add a dose of drama.
