

## Tandem Table Lamp **NEW**

**Gus\***

**FINISH** > Black or White Powder Coated Metal  
**BASE** > Marble base

Form meets function in the forward-thinking Tandem lighting collection, which combines streamlined industrial aesthetics with a practical ethos, resulting in a simple yet stunning design. A white or black powder-coated finish shines when teamed with thoughtful details, like a coordinating marble base and convenient hand switch. Adjustable lamp heads make it a versatile option for a desk or nightstand that could use a little brilliance.
