Product description

The AJ Royal is an icon that follows his overall geometric shape concept. The spherical dome shape is simple yet complex. The circular ringed louvers on top provides a glow while still maintaining its overall domed shape. These ridges allows a gentle light to exude upwards, while the custom LED boards provide a glare-free lensed downlight. The fixture is available in 3 different sizes: 9.8", 14.6", 19.7" diameters. The dome-shaped pendant comes in three sizes and is characterized by the ridges on top that allow a gentle light to exude upwards.
