Non Random

BERTJAN POT

Old ladies call them neatly coiled balls of yarn, Kids talk about soap bubbles hanging from lightbulbs. Some say they are there to light up Arabian nights, Moooi says they're Non Random Lights.

Detailing

Non Random does not shine a random light: the production of its shape is, unlike the Random Light, completely mechanically pre-programmed.

Dimmer

For fluent dimming behaviour we advise a dimmer that is compatible with the following specs.

Please note the functioning of the dimmer and the power supply combination can never be predicted, it always needs to be tested in practice.

DIMMER TYPE

Mains dimmable with compatible light source
