

Tinkering

JOOST VAN BLEISWIJK | POWERED THROUGH ELECTROSANDWICH® BY MARCEL WANDERS

Tinkering, designed by Joost van Bleijswijk, was built after a long search for unusual ways of capturing and reflecting light. With a see-through approach, Joost spent hours composing rhythmic installation of Tinkering lamps. It is what he does – he makes. Tinkering unfolded under the presence of metal, screwdrivers and saws, and is a symbol of curiosity: to go against all set conventions, rules and trends.

Detailing

Powered through Electrosandwich® technology and made from coated stainless steel and brass, Tinkering creates a modern feel with a detailed touch.

Dimmer

For fluent dimming behaviour we advise a dimmer that is compatible with the following specs.

Please note the functioning of the dimmer and the power supply combination can never be predicted, it always needs to be tested in practice.

DIMMER TYPE

Mains dimmable (trailing edge / reverse phase)

LOAD TYPE

Capacitive load (C-Type)
