Safety Instructions

ENG WARNING – RISK OF FIRE AND ELECTRIC SHOCK.

SUITABLE FOR DRY LOCATIONS ONLY

FR ATTENTION – RISQUE D'INCENDIE, RISQUE DE CHOC.

POUR EMPLACEMENTS SECS SEULEMENT

- Ensure the lamp type and max wattage is followed - do not exceed. Take care not to overtighten lamp.
- Do not touch the lamp (bulb) or lamp holder while in operation, as both become very hot.
- Turn off and unplug fitting, leaving lamp to cool before changing lamp. Dispose of old lamps carefully.
- Adjust light fitting only when power to the fitting is off and has been left to cool.
- Never leave a fitting without a lamp in position.
- Keep light fitting away from combustible materials such as soft furnishings.
- Ensure children do not play with the light fitting.
- Ensure the light is positioned on a solid, level and non-slip surface and make sure the position of the cable does not pose a trip hazard.
- If the electrical flex or electrical components become damaged at any point, the fitting must be unplugged from the power supply immediately and not operated until the damaged parts are fixed/replaced.
- For use in a dry, indoor environment only. Ensure the fitting does not come into contact with any liquids.

Cleaning and Maintenance

Metal finishes should only be cleaned with a soft, dry cloth. Switch off power to the fitting before cleaning.

Adjusting Fitting

(a) Loosen the clamp before tilting or twisting the lamp head, or sliding it up or down the stem.

Switches operate individual lamp heads.
