WONDERGLASS

MOMENTO MMT35

by Nao Tamura

There is a moment when a clinging bead of water becomes a droplet. The droplet reflects its surroundings while gathering light within. Momento freezes that moment of ephemeral beauty and turns it into a source of light. The elliptical shadow, folding over itself, captures the glassmaker's spinning technique.

MATERIALS

Plate | Blown Glass

Sphere | Metal

COLOURS

Plate | Crystal | Crystal Sandblasted | Grey | Grey Sandblasted

Sphere | Brass finish

DIMENSIONS

MMT35 | Ø 350 x H 60 MM | 1 Kg

Sphere | Ø 40 mm

LIGHT FITTING

MMT35 | LED | 450 lm | 3000K | 3W | 350mA

Dimming solution may be provided, subject to project details.
Please contact customer service.

Standard cable length is 2m
